Dear Chief Judge R. Kimball Moxie:

I am a current investor in TFEC as it works its way through the courts. As one of many investors who may suffer a substantial loss, due to the mismanagement of TFEC and the actions of Steve Down.

I am asking you to not seal the documents in the "TFEC case 266, ex parte motion for leave to file certain confidential agreements under seal."

There should be transparency and openness with regard to the actions taken by Mr. Down and the rest of the TFEC management.

A viable corporation has been adversely affected by the actions of the management to the detriment of the investors.

Thank you for your consideration in this matter not to seal the documents.

Sincerely  
Kenneth Michnal
