Your Honor:

Regarding the Chapter 11 Bankruptcy No. 18-25116-RKM and the motion by iBorrow, L.P. Seeking relief from the stay to proceed with foreclosure on the Elk Ridge property, I wish to object. My objection is two fold. I am also a secured creditor, as are many of us, and our security is the properties owned by The Falls Event Enter, LLC. While I do not know the the order of claims in a settlement, it seems many have claim on the value of that property. Second, it seems to me that all properties capable of producing income are certainly necessary for an effective reorganization. Any piecemeal foreclosing on individual properties will effect the reorganization efforts.

Sincerely,

A handwritten signature in blue ink that reads "Albert B. Clark".
